The answers given in this markscheme contain the essential information that candidates are expected to provide in order to gain full marks for each question.

Where appropriate, the information may be expressed in phrases other than those indicated, but full marks may only be awarded if all the necessary information is given.

Incomplete answers should be marked as directed.

Do not use half marks.

Unless otherwise indicated no marks are to be awarded or deducted for use of language: linguistic errors should only be taken into account if communication is severely impaired and the answer is incomprehensible to a normal speaker of the language.

Assistant Examiners are requested to wait until they are contacted by their team leader before beginning the marking (see the examiners instructions for further details).

Les réponses données dans ce barème de notation contiennent l'essentiel de ce qu'on demande aux candidats pour qu'ils puissent obtenir la note maximum pour chaque question.

Les réponses peuvent être formulées différemment mais la note maximum ne sera attribuée que si le contenu de la réponse est exact.

Les réponses incomplètes seront notées selon les indications données.

En aucun cas, des demi-points ou des fractions ne doivent être attribués.

À moins d'une indication spécifique, aucun point ne sera ni ajouté ni ôté pour l'utilisation de la langue : les erreurs linguistiques ne seront prises en considération que si elles nuisent sérieusement à la communication et rendent ainsi la réponse incompréhensible.

Les examinateurs assistants sont priés d'attendre d'être contactés par leur chef d'équipe avant de commencer leurs corrections (voir les instructions aux examinateurs pour de plus amples détails).

Las siguientes respuestas contienen la información esencial que los alumnos han de proporcionar para conseguir la máxima puntuación en cada pregunta.

En ocasiones, esta información puede expresarse de manera distinta a la indicada, pero para conseguir la máxima puntuación se han de mencionar todos los detalles requeridos.

Las respuestas incompletas deberán corregirse de la manera indicada en las instrucciones.

No utilice fracciones de puntos.

A menos que se indique lo contrario, no se deben añadir ni restar puntos por la calidad en el uso de la lengua: los errores lingüísticos sólo se tomarán en cuenta si la comunicación queda seriamente perjudicada o si la respuesta resulta incomprensible.

Se pide a los examinadores asistentes que esperen a ser contactados por su examinador líder de equipo antes de iniciar la corrección (para más información, refiéransen a las instrucciones para los examinadores).

- *One mark is allocated per question unless otherwise indicated.*

TEXT D — CHEAP EATS: STUDENTS TRY ONE-DOLLAR-A-DAY DIET FOR CHARITY

Communicative Purpose:

Narrative – factual

Register and Style:

The register should be informal.

Language accuracy is not formally assessed here and should be considered only where mistakes obscure meaning.

Diary entries which have dates and avoid explanatory references, such as “Mary, my sister,” which would not normally occur in a diary, should be rewarded.

N.B. If the response is not a diary entry, the maximum mark it will receive is 6.

Message:

The aim of this task is to explain what the one-dollar-a-day diet is and what the candidate experienced during the week that s/he tried it. The candidate’s feelings about how the diet affected him/her should be clear and an evident sense of what was happening should be felt. There may also be references to what the friends felt or experienced during this week.

The descriptors regarding copying from the text should be strictly adhered to. Verbatim copying of details from the text is acceptable provided that the details are “used”, that is, sensibly incorporated into the response. Copying details without so using them constitutes “undue copying”.

However competently the response may be written, marks depend on using details from the source text.

The candidate should include some of the following details from the text (though not necessarily in these words but in words that convey the same meaning).

- A. A group of students decided to live on a poverty diet (in order to support a charity).
- B. They did not buy food in bulk.
- C. They chose (inexpensive) foods such as rice/oatmeal/lentils.
- D. S/he had a banana as a treat.
- E. Flavour can be added to bland food by adding seasoning *e.g.* taco to a tortilla filled with rice.
- F. S/he suffered from headaches and fatigue during the first days.
- G. Following this diet meant that s/he would sleep after eating.
- H. S/he felt less hungry.
- I. S/he lost a little/some weight.
- J. His/her skin cleared up.
- K. Food provides comfort/affects your mental attitude to everything.
- L. You learn to sustain yourself on little.
- M. You realize that too much food is unnecessary and/or expensive.

To achieve level 5 (adequate understanding), **at least five** details should be included.
To achieve level 9 (very good understanding), **at least nine** details should be included.

SECTION B: [10 marks]

TOTAL: [40 marks]

SL Paper 1, Section B: Written Response

Please note that at standard level the written response is assessed with only **one** criterion.

To what extent does the candidate understand the source text and respond appropriately to it?

- *Has the candidate provided all the details from the source text that are relevant to the task?*
 - *How appropriately have the details from the source text been used in the written response without undue copying of the source text?*
 - *How appropriate is the use of register and style to both the type of text required and the audience?*
- (Levels 5 to 10 may be awarded only if the candidate has an adequate understanding of the source text.)*
- (Language accuracy is not formally assessed here and should be considered only where mistakes obscure meaning.)*
